

Real Estate Portfolio Manager

Nikki Noble

With over 20 years of experience working in the City of London, Nikki joined RWE 7 years ago in the London office working for RWEST. Following a successful career in asset management, joining RWEST gave her the opportunity to understand team dynamics in a different industry and help maintain a collaborative and harmonious working environment thanks to working in Office Management. After 2 years, her career took a significant turn when she joined RWET UK in the Real Estate department; a move that felt like a natural fit and ultimately became her vocation.

As a Londoner, she has used her knowledge and insight to ensure where possible that business decisions made for our properties are both economically sound and aligned with the needs of the staff. Strong communication with stakeholders has been a key element of her approach alongside a commitment to teamwork and cross functional collaboration. Over the past 2 years, her primary focus has been working on a project to unify RWE Opcos in one London Flagship Office. An ambitious and rewarding team process that has been a key highlight of her career at RWETI.

1 What gives you most satisfaction in your work?

I love to work across teams, bringing people and ideas together to achieve shared goals. I strongly believe collaboration is key to success – when we work together we get better results and build trust.

2 Why did you choose RWE TI?

This is an interesting question! The exciting answer is this; when I joined RWE I didn't realise there were many different companies within the RWE group. I have been fortunate to work with RWEST, and now RWE TI, and build relationships across other opcos too.

3 What three words best describe you?

Connector - Adaptable - Energetic

4 "You have the choice!"

What it means to me: We all have the ability to decide, act and respond. Be bold, be confident and go forward!
