

Head of Facility Management
(Business Hub RWE)

Ansgar Vierhaus

After completing his degree in civil engineering at the Technical University in Dortmund, Ansgar worked in various sectors, primarily in plant and building construction. He has proven his expertise in numerous construction projects.

In 2007, Ansgar moved into the energy sector with RWE.

Ansgar was able to gain international experience in European countries such as Bulgaria and in Pakistan, for example.

Ansgar has more than 25 years of experience

in the project management of complex and multi-dimensional projects.

Over many years, he has led numerous interdisciplinary teams in a goal-orientated manner and achieved successful results.

As Head of Facility Management, Ansgar and his teams are responsible for global facility management as a business hub for the entire RWE Group, including technical responsibility and operator responsibility.

1 What gives you most satisfaction in your work?

The opportunity to make a significant contribution to the success of RWE-Group due to my skills and international expertise.

2 Why did you choose RWE TI?

I can't imagine doing anything else than shaping and realising the future. This is only possible with a very good qualified and highly motivated team. That's what my heart is beating for.

3 Which three words best describes you?

Solution-oriented – Communicative – Team-oriented

4 „Our aim is your success.“

What it means to me: My aim is to fulfil my work with passion and to create the best possible basis for our customers.
