

Sales Manager

Maria Paula Arenas Hurtado

Maria Paula brings with her a broad experience in the environmental, energy and infrastructure industry, working abroad both in Colombia and Germany, has given her a wide perspective of the industries and various ways of thinking, which is a great asset to create tailor-made solutions and make long lasting clients.

She holds both a Bachelor and Master degree in environmental engineering and also brings technical experience with her. With her excellent communication skills, as a native Spanish speaker she understands the Latin American market and enjoys working in multilingual and multicultural environments.

1 What gives you most satisfaction in your work?

That I can combine the two things I enjoy the most, working in my native language along with the German know-how to generate a positive impact for the industries in the Latin American region is what gives me the most satisfaction at the end of the day.

2 Why did you choose RWE TI?

Being part of RWE TI allows me to take an active role in the energy transition that we are living today. It allows me to keep learning and bring the best technical solutions to our clients in the different industries.

3 What three words best describe you?

Empathic. Passionate. Competent.

4 “Our aim is your success!” – What it means to me:

Not every single industry is equal. Therefore, we have to explore and adapt our capacities to give our costumers the best technical and feasible solution, aiming always to achieve a successful and sustainable outcome for both our clients and the society.
