1 What gives you most satisfaction in your work?

Leading a multidisciplinary project team in developing and completing a green or brown field project for an internal or external client.

2 Why did you choose RWE TI?

RWE Technology International has the full capability to develop and execute complex projects where my own view of how a project should be carried out can be brought in.

3 What three words best describes you?

Decisive. Self-starter. Team player.

4 „Your challenge is our passion!“ – What it means to me:

To provide our client the best solution in a technical and commercial way, where all applicable possibilities have been evaluated by RWE Technology International’s specialists in close cooperation with our client and through all project phases.
