

Head of Project Management Services

Philipp Rösener

Philipp is the Head of Project Management Service at RWE Technology International.

He has extensive experience as a senior in international project management and leads a diverse team of over 130 employees with the following products: International Project Management, Site-, Commissioning-, Scheduling-, Documents-Management and PMO (Project Management Office).

Through his international work, he has gained extensive experience in various countries, including the Asian region (Philippines, South Korea and Japan), the USA and Europe.

He holds a degree in Engineering from RWTH Aachen University, specialising in Production Engineering, and completed his Master of Business Administration at FOM Essen, Germany, while working.

Philipp is also a certified Scrum Master and Lean Leader.

1 What gives you most satisfaction in your work?

The opportunity to work in a diverse team on complex and varied projects in Germany and abroad, as well as Group-wide co-operation with other RWE companies and a wide variety of customers.

2 Why did you choose RWE TI?

The broad, international range of tasks at RWE Technology International appealed to me because you have the opportunity to work with many different departments within the Group.

3 What three words best describes you?

Reliable. Performance-orientated. Team player.

4 „Our aim is your success.“ – What it means to me:

My journey begins with a clear objective and a collaborative approach to achieving it.
