

We live in very uncertain times.

But one thing is for certain: our electricity.

Q1 2020 earnings

Annual General Meeting 2020 - 26 June 2020

RWE got off to a good start to the year. We have achieved a significant increase in earnings compared with the previous year.

> Rolf Martin Schmitz CEO of RWE AG

(€ million)

* Pro-forma key figures.

Welcome to the era of renewables.

Annual General Meeting 2020 - 26 June 2020

We are resolutely and responsibly phasing out the use of fossil fuel. We have a sharp focus on renewable energy. **We will be carbon neutral by 2040.**

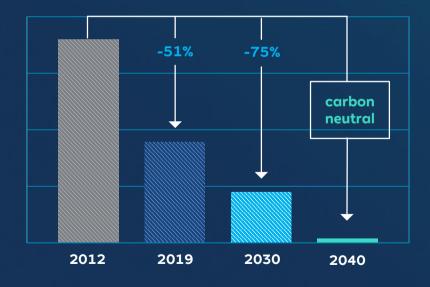

We will make **5 billion** euros in net investments to expand renewable energy through to 2022. 1 billion euros of this sum is envisaged for projects in Germany.

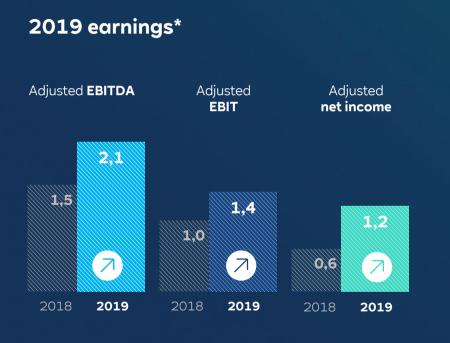

Clear CO₂ reduction roadmap

Annual General Meeting 2020 - 26 June 2020

All systems go for **clean, reliable and affordable electricity.** This is our path. This is your RWE.

We launched the new RWE in 2019. We made upward adjustments to our operating targets twice. And we actually ended up exceeding them.

> Rolf Martin Schmitz CEO of RWE AG

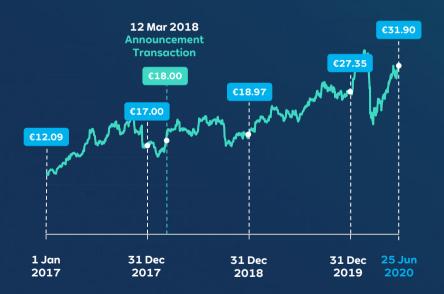

(€ billion)

* RWE stand alone.

RWE share puts in a strong performance

Source: closing quotations on XETRA, dividend adjusted.

Annual General Meeting 2020 - 26 June 2020

Good news for our shareholders: RWE is increasing in value.

The RWE share ranked among the top 3 in the DAX in 2017, 2018 and 2019.

(€/per share)

* Proposal by the Executive Board and the Supervisory Board. ** Planned by the Executive Board. Annual General Meeting 2020 - 26 June 2020

The Executive Board and the Supervisory Board propose a **dividend of 80 cents per share** for fiscal 2019.

Hydrogen, floating offshore, batteries: RWE is already thoroughly exploring the **technologies of the future.**

Decommissioning schedule for RWE lignite-fired power stations

Power plant/opencast mine shut down

Annual General Meeting 2020 - 26 June 2020

RWE is withdrawing from fossil fuel-fired power production with resolve.

The first 300 megawatt lignite unit in the Rhenish coal mining region will be taken offline as early as December.

Expanding offshore wind power presents a great opportunity to Germany. This requires suitable investment conditions.

Our energy for a sustainable life

Annual General Meeting 2020 - 26 June 2020

We are faring well during the corona crisis, investing in renewable energy and storage, and will be carbon neutral by 2040. **RWE is on the right course to the future.**
