- 2.1 These purchase conditions shall apply to all the enquiries, offers and Agreements in respect of which RWE acts as the enquiring/purchasing party.
- 2.2 Variations to these conditions may only take place if expressly agreed on in writing.

ARTICLE 3 OFFERS AND AGREEMENTS

- 3.1 An enquiry from RWE shall be followed by an offer from the Supplier, which shall be valid for a period of at least 90 days after receipt by RWE.
- 3.2 If a written order - in accordance with the offer - follows an offer from the Supplier, the Agreement shall be concluded at the moment RWE sends that order to the Supplier.
- 3.3 In the event of the execution of framework agreements, an Agreement shall be concluded each time at the moment that RWE sends a (partial) order within the scope of the framework agreement.
- 3.4 Specifications, drawings, models, instructions, inspection regulations and the like, in whatever form or shape, made available by RWE for the execution of the Agreement (also prior to the conclusion thereof) or approved by RWE shall be part of the Agreement in so far as they are not contrary to the provisions of the Agreement.
- 3.5 RWE shall be entitled to make amendments and additions to the offer when accepting it. If these amendments and additions are not of subordinate importance, the Agreement shall be concluded at the moment that RWE receives written confirmation of the order, in accordance with the amendments and additions it has made, or at the moment that the Supplier starts the actual execution of the Agreement.
- 3.6 If and to the extent that documents as referred to in paragraphs 1 to 5 incl. of this article are sent electronically (Electronic Data Interchange: electronic data traffic), a written confirmation shall also be sent without delay.

ARTICLE 4 PRICES

- 18.9 RWE shall be entitled to have the Supplier sign statements of ownership in respect of the auxiliary materials. The Supplier shall cooperate in this regard.
- 18.10 The manner of use of the auxiliary materials shall be entirely at the Supplier's risk.

ARTICLE 19 CHANGES AND CONTRACT VARIATIONS

- 19.1 With due observance of reasonableness and fairness, RWE shall be entitled to demand from the Supplier changes in the nature and extent of the goods and/or Services that are to be delivered. The changes may not be of such a nature that, reasonably assumed, the Supplier would not have concluded the Agreement if it had been informed beforehand of the changes. RWE shall specify the demanded changes in writing.
- 19.2 The Supplier shall inform RWE, within 14 calendar days after sending the written specification as referred to in the previous paragraph, of the consequences of the changes for the price and delivery period. RWE shall be entitled to terminate the Agreement if the price and delivery time determined by the Supplier are not acceptable to RWE. RWE shall not use the right to terminate the Agreement on unreasonable grounds.

GENERAL TECHNICAL PURCHASING CONDITIONS

- 19.3 The Supplier shall request RWE for express written permission for all its desired changes. Merely sending drawings without written explanation shall not suffice for this purpose. Changes, in respect of which the drawings or the design have already been approved by RWE, shall nevertheless still require the written approval of RWE. Any costs that may result from non-compliance with these provisions shall be borne by the Supplier.
- 19.4 If improvements can be made during the design, production or execution of the Work, the Supplier shall inform RWE of this in writing and make those improvements at the request of RWE, if this does not entail additional costs or extension of the delivery time for the Supply. If this is the case however, the Supplier shall make an offer in respect of the changes in question, stating the consequences for the delivery time and/or the price. RWE shall then decide whether to accept the offer.
- 19.5 RWE shall only be obliged to pay additional work that it has commissioned in writing prior to the execution. The settlement of less work than agreed under the Agreement shall be determined in mutual consultation, unless agreed otherwise in writing.

ARTICLE 20 INVOICING, PAYMENT AND AUDIT

- 20.1 The submission of the invoice takes place (monthly) in arrears to the billing address specified by RWE and upon presentation of documents in which the costs are specified on the basis of the categories further outlined in the Agreement.
- 20.2 Payment of the delivered Goods and/or the supplied Services takes place within 30 calendar days after receipt of a properly specified invoice. If delivery (completion) and acceptance of the Goods and/or Services takes place after receipt of the invoice, then payment takes place within 30 calendar days after delivery (completion) and acceptance of the Goods and/or Services in accordance with the Agreement. Payment only takes place if the delivered Goods and/or the supplied Services were approved and after receipt of all thereto-pertaining Documentation and Tools, including the correctly addressed and complete invoice.
- 20.3 The invoice must comply with the statutory invoice requirements and at least be provided with the order number, company name and business address of RWE, as specified on the order for the relevant Goods and/or Services. Invoices that do not comply with the requirements are not processed and are returned to the Other Party.
- 20.4 If RWE disputes an invoice of the Other Party then the Other Party must substantiate the relevant invoice in a further and proper manner, failing which RWE is not held to pay the disputed invoice.
- 20.5 RWE is at its sole discretion and by way of security for compliance by the Other Party with its obligations on account of the Agreement, entitled to require that the Other Party provides an unconditional and irrevocable bank guarantee issued by a bank institution acceptable to RWE. The costs of the bank guarantee are at the expense of the Other Party.
- 20.6 If for the execution of the Agreement RWE effectuates a payment for Services and/or Goods that have not been supplied or delivered yet, then the Other Party is on demand of RWE held to prior to the said payment provide a bank guarantee "on call" to RWE for the value of the paid amount. The guarantee does not bring about any costs on the part of RWE. The bank guarantee "on call" is issued by a bank institution acceptable to RWE. If on account of a shortcoming on the part of the Other Party Services and/or Goods are not accepted within the stipulated time limit, then the Other Party is liable to pay the statutory interest on the advance for the time that the shortcoming continues.
- 20.7 If the Other Party does not (completely) comply with an obligation on account of the Agreement or the Purchase Terms and Conditions, then RWE is entitled to suspend payment to the Other Party. The suspension applies up to the moment that the Other Party has yet complied with its obligations vis-à-vis RWE in full.
- 20.8 Payment by RWE never implies a waiver of rights and does not release the Other Party from any warranty, obligation or liability on account of an Agreement.
- 20.9 RWE is always authorised to set claims of the Other Party vis-à-vis RWE off against claims that RWE has vis-à-vis the Other Party on any account whatsoever, regardless of the fact whether the said claims are eligible and/or can easily be established (in court). Reliance by the Other Party on section 136 of Book 6 of the Dutch Civil Code is excluded.

- 20.10 RWE shall only be in payment default of an amount payable to the Other Party after expiry of a time limit of 14 calendar days after the Other Party has given RWE written notice of default in connection therewith.
- 20.11 If RWE is in default then RWE shall only be liable to pay default interest equal to the statutory interest. As the occasion arises RWE shall, in consideration of the provisions set forth in article 29.3, not be liable for other thereto-pertaining costs.
- 20.12 Payments of RWE are first applied to the payable principal sum, then to accrued interest and finally to potentially payable costs.
- 20.13 RWE is always entitled to have invoices sent by the Other Party audited by an auditor designated by RWE on substantive correctness. The Other Party shall on demand provide the relevant auditor insight into books and documents and provide all data and information required by the same. The audit shall be confidential and shall not extend further than required for the verification of the invoices. The auditor shall forthwith present his report to both Parties.
- 20.14 The costs of the audit are at the expense of RWE, unless it follows from the audit that the invoice was incorrect on certain points, in which instance all the said costs are at the expense of the Other Party.
- 20.15 RWE is entitled to suspend payment of an invoice during the period of the audit. RWE shall only rely on this authority if RWE has reasonable doubt about the correctness of the relevant invoice and only for the disputed part of the invoice. Overstepping of a payment term by RWE or non-payment by RWE of an invoice on the basis of alleged substantive incorrectness of the said invoice or inferiority of the invoiced performances does not entitle the Other Party to suspend or terminate its performances.

ARTICLE 21 QUALITY AND GUARANTEE

- 21.1 The Supplier warrants that the Supply shall be executed as agreed and the delivered goods are therefore inter alia new, the Supply are free of defects and third-party rights, are suited to the purpose for which they are destined, have the promised characteristics and comply with the relevant legal requirements and government regulations as well as with the standards of health, safety, environment and quality applied in the field.
- 21.2 If, irrespective of the results of any inspection, the goods appear not to fulfil the provisions of paragraph 1 of this article, the Supplier shall repair or replace the goods - at the option and on first written notification of RWE - at its expense, unless RWE prefers termination of the Agreement, in accordance with the stipulations in Article 32 - Notice and Termination, paragraphs 3 and 4.
- 21.3 The Supplier shall guarantee the Supply for a period of two years from the moment of approved Delivery/Completion. The expiry of the guarantee period shall not affect the rights that RWE may derive from the law and the Agreement. The agreed guarantee in this period shall at any rate include that the Supplier must repair any defect reported in writing by RWE to the Supplier within the guarantee period as soon as possible, at no charge to RWE. If, based on this obligation, the Supplier has performed work and/or has changed, repaired or replaced goods or parts thereof, the full guarantee period shall become effective again for such work, goods or parts from the moment of approved acceptance of the guarantee work.

ARTICLE 22 STANDARDS AND SPECIFICATIONS

In so far as not expressly stipulated otherwise in the documents being part of the Agreement, the relevant European standards and specifications shall apply to the Supply and the Work. In the absence of European standards and specifications, the relevant Dutch standards shall apply to the Supply.

ARTICLE 23 CHECKS, INSPECTIONS, EXAMINATIONS AND TESTS

- 23.1 Checks, inspections, examinations and/or tests by or on behalf of RWE may take place both prior to the Delivery/Completion and during or after the Delivery/Completion.
- 23.2 To this end, the Supplier shall grant access to the places where the goods are produced or stored and shall cooperate with the checks, inspections, examinations and/or tests required by RWE. This cooperation shall also imply the provision of the required documentation and data at its expense.
- 23.3 At the request of RWE, the Supplier shall inform RWE in time when checks, inspections, examinations and/or tests can take place,

GENERAL TECHNICAL PURCHASING CONDITIONS

without any obligation on the side of RWE to actually have these performed at those times.

- 23.4 The Supplier shall be entitled to attend the checks, inspections, examinations and/or tests by or on behalf of RWE.
- 23.5 Unless expressly agreed otherwise, the costs of checks, inspections, examinations and/or tests shall be borne by the Supplier with the exception of the costs of the staff of RWE and/or its authorized representative charged with the inspections. The costs of rechecking, re-inspections, re-examinations and/or retesting shall always be borne by the Supplier, in which case the costs of the staff of RWE and/or its authorized representative charged with the inspections shall also be borne by the Supplier.
- 23.6 If and as often as, during checks, inspections, examinations and/or tests before the Delivery/Completion, goods or Work appear not to conform to the set requirements, the Supplier shall immediately make the necessary improvements or attend to replacement, after which a new inspection shall take place. Rejection shall not be a ground for extension of the delivery period.
